

A Bibliography on Carbon Sequestration and Biomass Estimation

Forest Carbon Monitoring Program Working Paper 96/03
Winrock International Institute for Agricultural Development

The Winrock International Institute for Agricultural Development is a nonprofit organization whose mission is to work with people to build a better world by increasing agricultural productivity and rural employment while protecting the environment. Winrock is recognized as a private voluntary organization by the U.S. Agency for International Development and is exempt from income taxation under Section 501(c)(3) of the Internal Revenue Code. The institute is funded by grants, contracts, and contributions from public and private sources. Winrock's Forest Carbon Monitoring Program has been supported by the USAID Center for Environment, Winrock International and a wide range of private, non-government and government sponsors.

The Forest Carbon Monitoring Program Working Paper Series is a collection of concept papers, bibliographies, and "works in progress" reports on forest carbon monitoring. Most have not been peer-reviewed and are subject to review and revision. Copies are available from the Forest Carbon Monitoring Program, Winrock International, 1611 N. Kent St., Arlington, VA 22209, USA. Comments on Working Papers are encouraged and can be sent to the same address.

A Bibliography on Carbon Sequestration and Biomass Estimation

Forest Carbon Monitoring Program
Working Paper 96/03

Winrock International Institute for Agricultural Development

Table of Contents

I. ABOVE-GROUND AND BELOW-GROUND CARBON STORAGE IN AGRICULTURAL SYSTEMS...	2
EFFECTS ON MANAGEMENT PRACTICES ON SOIL ORGANIC MATTER.....	2
SOIL EROSION EFFECTS ON SOIL ORGANIC MATTER.....	10
SOIL ORGANIC MATTER DYNAMICS IN GRASSLANDS	11
II. ABOVE-GROUND AND BELOW-GROUND CARBON STORAGE IN FORESTS.....	13
ORGANIC MATTER IN FOREST SOILS	13
DEFORESTATION EFFECTS ON SOIL ORGANIC MATTER.....	15
REFORESTATION AND AGROFORESTRY EFFECTS ON SOIL ORGANIC MATTER.....	16
CARBON STORAGE IN ABOVE-GROUND FOREST BIOMASS	17
ESTIMATING THE ABOVE-GROUND BIOMASS OF FOREST VEGETATION.....	19
III. THEORETICAL ASPECTS OF THE BEHAVIOR AND MEASUREMENT OF ORGANIC MATTER IN SOILS.....	22
EDAPHIC AND CLIMATIC INFLUENCES ON SOIL ORGANIC MATTER	22
SPATIAL AND TEMPORAL VARIATION OF ORGANIC MATTER IN SOILS.....	24
DYNAMICS OF SOIL MICROBES AND ORGANIC MATTER DECOMPOSITION.....	26
MODELS OF SOIL ORGANIC MATTER BEHAVIOR.....	30
METHODOLOGIES FOR THE ESTIMATION OF CARBON IN SOILS.....	33

I. Above-ground and below-ground carbon storage in agricultural systems

Effects of management practices on soil organic matter
