Accredited Offset Verifier Pre-Engagement Disclosure Submittal

Version 1.0

Issued by CT Department of Environmental Protection
www.ct.gov/dep

June 2009

The Department of Environmental Protection is an affirmative action/equal opportunity employer, providing programs and services in a fair and impartial manner. In conformance with the ADA, individuals with disabilities who need information in an alternative format to allow them to benefit and/or participate in the agency's programs and services, should call 860-424-3051 or 860-418-5937, or e-mail Marcia Z. Bonitto, ADA Coordinator at Marcia.Bonitto@ct.gov.

1. Overview

Prior to engaging in verification services for an offset Project Sponsor (which for the purposes of this form includes the organization that employs the project sponsor), an accredited verifier must disclose all relevant information to the Connecticut Department of Environmental Protection (“Department”) through a *Pre-Engagement Disclosure Submittal Version 1.0* to allow the Department to evaluate whether a potential conflict of interest exists, with respect to the offset project, between the accredited verifier and the offset project developer, offset Project Sponsor or project sponsor organization, or any other party with a direct or indirect financial interest in the offset project. Following these instructions will ensure that the *Pre-Engagement Disclosure Submittal* contains all necessary information and is submitted properly.

The accredited verifier must disclose in this submission information related to all facts or circumstances that have the potential to create a conflict of interest with respect to the offset project, offset project developer, offset Project Sponsor or project sponsor organization, or any other party with a direct or indirect financial interest in the offset project. In addition to the disclosure provided through this submittal, accredited verifiers have an ongoing obligation to disclose to the Department any facts or circumstances that may give rise to a conflict of interest with respect to the offset project, offset project developer, offset Project Sponsor or project sponsor organization, or any other party with a direct or indirect financial interest in the offset project.

The Department may reject a verification report and certification statement that is submitted as part of an offset project *Consistency Application* or *Monitoring and Verification Report* if it determines that the accredited verifier has a conflict of interest related to the offset project, offset project developer, offset Project Sponsor or project sponsor organization, or any other party with a direct or indirect financial interest in the offset project.

Failure to disclose any facts or circumstances that may pose a potential conflict of interest may result in revocation by the Department of the verifier’s accreditation.

2. Submission Instructions

Submit this *Pre-Engagement Disclosure Submittal* to the Department if the offset project is located in Connecticut. If the offset project is not located in Connecticut, a similar submittal should be provided to the applicable regulatory agency in the state where the offset project is located, in accordance with the applicable regulations in that state.

Submit one (1) complete hardcopy original of the *Pre-Engagement Disclosure Submittal* and one (1) electronic copy on a CD disk to the Department at the location specified below. Submit hardcopies of forms requiring signatures as originally-signed copies and scan such signed forms for electronic submission. Facsimiles of the *Pre-Engagement Disclosure Submittal* are not acceptable under any circumstances.
