Germany

Honorable Members of the CDM Executive Board,

**Submission of Comments on the Draft Standardization of the
Format of the Modalities of Communications between
Project Participants and the Executive Board**

In response to the call for public comments by the CDM Executive Board at its 41st meeting, this submission requests for clarification and confirmation of two specific issues in the standardized format, namely whether:

1. The Standardized format for Modalities of Communication is to be used by all CDM Projects and Programme of Activities.
2. The format can accommodate a statement of "irrevocable power of attorney", which is being included in the current Statement for the Modality of Communication. *"The undersigned Project Participant hereby grants an irrevocable power of attorney to the Trustee with regard to adding new project participants to the Project and/or withdrawing the project participant from the Project."*

We will be glad to provide any further information and clarifications as necessary.

With kind regards,

Johannes Heister
